

Western Regional Transition Gathering

Sat 11th July
in West Kilbride, Ayrshire
10am - 5pm

Are you interested in building
sustainable communities?
If you are then this day is for you!

Transition Scotland Support is collaborating with local Transition initiatives around Scotland to host regional gatherings. The idea is that these will offer people in each area the chance to get together and see how they might be able to help and support one another to work towards local sustainability. Whether you're part of a local Transition Initiative (or want to be!) or are involved in other projects related to local food, sustainable transport, affordable housing, local energy generation, community ownership of assets, creating local jobs or promoting green living, we're hoping you'll come along and spend a day getting to know other people working in similar areas in their communities, swapping stories and sharing resources
